

ICPR 2022 - Call for Tutorial Proposals

The ICPR 2022 Organizing Committee invites proposals for tutorials in conjunction with the 26th International Conference on Pattern Recognition, which is to be held at Montréal, Québec (QC), Canada during August 21-25, 2022. We seek tutorials on core techniques, application areas and emerging research topics that are of interest within the ICPR community. An effective and informative tutorial should provide a broad introduction to the chosen research area as well as in-depth coverage on selected advanced topics. Proposals that focus exclusively on the presenters' own work or commercial presentations are not acceptable.

Guidelines for submitting proposals

To propose a **tutorial**, a **PDF file** containing the information outlined below must be submitted by email to tutorials@icpr2022.com.

The proposal should contain the following information:

- proposed title;
- names, titles, affiliations, emails, and brief bio sketches of the people delivering the tutorial;
- name and email of the lead person for communication and responsibility;
- preference for half- or full-day event (the latter requires a brief justification);
- preference for on-site or on-line tutorial (the latter requires a brief justification);
- tutorial description with list of topics to be covered, along with a brief outline and important details; any innovative pedagogy employed; any hands-on participation, etc.;
- expected target audience, in terms of both composition and estimated number of attendees;
- list of citations and/or URLs to relevant publications and/or products of the tutorial presenters and other relevant related work;
- a description of how this proposal relates to tutorials/short courses appearing at ICPR (and also other major related conferences) within the last two editions; and
- description of and/or links to any planned materials or resources to be distributed to attendees.

Proposal assessment

Each proposal will be assessed based on its scientific merit, proposed structure, overall relevance, and how it complements the main conference.

Important dates:

Submission of proposals: March 14, 2022 [11:59 p.m. Central European Time]

Notification of acceptance: April 11, 2022.

Early bird registration deadline: June 6, 2022

Conference: August 21-25, 2022

Tutorials/Workshops: August 21, 2022

ICPR 2022 will be responsible for:

- providing a meeting venue with necessary technical equipment and catering services during the coffee breaks;
- providing staff to help with the on-site/on-line organization;
- advertising the event on the ICPR web site;
- scheduling the event together with the organizers and including it in the conference program.

Tutorial organizers are responsible for:

- compiling and distributing notes to the participants;
- leading the event at ICPR2022.

Costs and terms

Tutorials are **free for all participants with full ICPR2022 registration**. Participation in tutorials is limited to the room capacity. ICPR2022 participants who want to attend a tutorial should register to it and will be admitted on a first come first served basis.

ICPR 2022 reserves the right to cancel a tutorial if the responsibilities are not fulfilled by the proponent, or if too few attendees register for the event, or for any unforeseen reason.
